

1 DELEGATE CASE: Section 8.02 would control it.

2 THE CHAIRMAN: Delegate Clagett.

3 DELEGATE CLAGETT: With respect to 8.02-2,
4 ~~even though it may classify, could it fail to give any~~
5 ~~special -- could it since the restriction is upon the State~~
6 ~~only to provide for exemptions, fail to exempt either~~
7 ~~in part or in whole agricultural land after it has been~~
8 ~~classified?~~

9 DELEGATE CASE: Could it fail to exempt? I think
10 you are confused, Delegate Clagett.

11 The farm tax problem which is dealt with in
12 section 8.02 is a part of the assessment procedure. It has
13 ~~nothing at all to do with exemptions.~~

14 ~~THE CHAIRMAN: Delegate Clagett.~~

15 ~~DELEGATE CLAGETT: That is exactly why I am~~
16 ~~asking questions, because I don't want to be confused.~~
17 ~~I want to understand what we are doing here.~~ The classifi-
18 cation for the purposes of assessment merely gives an area
19 where an exemption can be granted by the State if it sees
20 fit to do so, that is, an exemption from what would other-
21 wise be a different rate of tax.
